

Parenting Groups Information Booklet

This booklet gives an overview of the core
Bristol Children's Centres

Parenting Programmes for parents/carers who have
children aged 0 - 8 years old across the whole city.

Bristol Children's Centres also run Antenatal
programmes which are a great way for
'parents to be' to commence their journey into
parenthood and beyond supported by their local
services...

Welcome To The World (Antenatal)

For who: all ‘parents to be’ (including partners or another supporting adult) from around 22 weeks of pregnancy onwards

Course length: 5 Weeks (2 hours per week)

Run by: experienced Bristol Children’s Centre facilitators

This ‘in person’ course is a relaxed way for parents to think about the transition to **‘preparing for parenthood’** and discuss issues that can be a challenge for every new parent/carer.

You'll meet other parents/carers (creating a peer support atmosphere) and each week will have a different focus. The programme highlights how baby develops before and after birth as well as encourages parents/carers to understand their own emotional health and what their future family might look like. There will be aspects of ‘practical care’ when it comes to looking after baby, these include topics like: *feeding, sleeping and bath time*. You will also be signposted to what support is available post birth and beyond...

Rockabye (Antenatal)

For who: all pregnant women/people

Course length: 6 weeks (1.5 hours per week)

Run by: a dedicated 'Rockabye' team that co-facilitate with Children's Centre staff

This small 'in person' group gives you the chance to reflect on your hopes and fears about becoming a parent. During these sessions you can take time to enjoy your pregnancy and connect with your baby through relaxation exercises and creative activities. Perhaps the journey to becoming pregnant has been difficult or maybe there were problems with a past pregnancy that makes this pregnancy challenging. You might be feeling **anxious** or **depressed** during your pregnancy and would like some support in managing the emotional impact of pregnancy.

Rockabye (Postnatal)

For who: parents/carers of babies aged 0 - 6 months old (this is a group for adults to attend with their baby)

Course length: 10 - 12 weeks (75 mins per week)

Run by: a dedicated 'Rockabye' team that co-facilitate with Children's Centre staff

This small 'in person' group is a place to come and meet other parents, share your experiences and spend time nourishing the bond between you and your baby.

There may be something getting in the way of you feeling like you can enjoy time with your baby. Are you feeling low or worried? Are you suffering from **postnatal depression** or **anxiety**, or other mental health difficulties? Perhaps you had a difficult birth experience or a difficult journey to becoming a parent? Like many new parents, you may be finding the transition to parenthood harder than you thought. Postnatal Rockabye is a space where you can feel really heard and supported.

The Nurturing Programme

For who: parents/carers of children aged 3 - 8 years (this is an adults only group).

How long: 10 weeks (2 hours per week)

Run by: experienced Bristol Children's Centre facilitators

This in person programme is a **parenting approach** that is designed to provide adults and children with the understanding, skills and ability to lead emotionally healthy lives, build resilience, empathy, self-esteem and support positive family relationships. Content includes:

Understanding – why children behave as they do

Recognising – the feelings behind behaviour (our and theirs)

Exploring – different approaches to discipline

Finding – ways to develop co-operation and self-discipline in children

Learning – the importance of looking after ourselves

The Nurturing Programme is built on four constructs: **Self Esteem, Self Awareness, Appropriate Discipline and Empathy.**

Online Learning

There are **FREE** online self-led parenting courses available on the Bristol Family Hubs website.

These are designed to help parents and carers understand their children's feelings better and how they can support their children through the years as they develop and grow.

The courses cover different stages of a child's development and give helpful advice to support the emotional health and wellbeing of both children and parents or carers.

The courses have been developed by a team of NHS professionals who worked with practitioners and parents/carers to develop the online offer.
